

Martha is a clink built motor boat from 1975. With it length of 10.5 m and width 3.1 m it is the largest of Børges boats. Its draught is only 70 cm.

Børge build the boat for himself as a service boat for buoying the tidal channels. Therefore, Martha has a long cockpit with space for the buoys and marks. However, Børge sold Martha to his son in law Willy Morgenstern who used Martha as a pleasure boat. Willy shortened the cockpit and made a larger cabin.

Martha fulfils the requirements for sailing in the Wadden Sea:

- Low draught (70 cm)
- Able to take the ground
- Able to go through tough surf
- Able to navigate in current.

To move around in the Wadden Sea National Park where 80% of the area is water there is a need for a spacious excursion boat like Martha.

The boat will be used to give tourists and special groups a better knowledge of the unique nature, birds and animals in the Wadden Sea.

*Børge Fischer Jensen (1921 – 1999)*

Børge started his carrier as long voyage seaman. Thereafter, he worked at on a lightship.

In his free time Børge build around 40 dinghies and motor boats in Sønderho during 50 years (1943 - 1993). He was a self-made skilled boat builder. He developed a type of motor boats which are suitable for the Wadden Sea.

Hugos daughter Asta is married with Willy Morgenstern, who has kept Martha in this bard since 1996.

#### **Owners of Martha:**

1975-2008: Willy Morgenstern

2008-2012: Bjarne Kiholm

2012- : The non-profit association Skøgum

**The non-profit association Skøgum was established in February 2012 in Ribe.** The association aims at facilitating maritime experiencers and promotion of the cultural heritage in the Wadden Sea including sailing with historical ships.

Board (2016): Vibeke Schøtt (chairman), Kim Holst (deputy chairman), Anker Andsbjerg (treasurer), Bjarne Kiholm and Bent Poulsen.

The name of the association springs from the wade Skøgum Bank in the Wadden Sea South of Ribe channel. The name of the wade springs from an oak forest Skogum (Old Norse: forest) at Gl. Mandø. According to the myth trees from Skøgum was used for rafts for Vester Vested church and for ship Building.
